

79-5-301 Guidelines for the establishment of trails.

In establishing trails, the division shall:

- (1) develop and manage the trails to harmonize with and complement any existing or planned land uses;
- (2) locate and design trails according to an overall plan that provides for:
 - (a) interconnecting routes, where feasible; and
 - (b) consideration of safety; and
- (3) select trails to minimize adverse effects on:
 - (a) an adjacent landowner or user and the landowner's or user's property or operations;
 - (b) wildlife; and
 - (c) the natural environment.
